ANNOTATION

The structure of the thesis consists of an introduction, two chapters and a conclusion. The first chapter is theoretical, it describes the essence of lobbying. The second chapter consists of a theoretical part and a practical one, the theoretical one describes the functioning of lobbying, and the practical one conducted a content analysis on the topic: "The Belarusian state socio-political press as a channel of indirect lobbying." The volume of the thesis is 55 pages and includes 2 appendices and 42 sources used.

Keywords: lobbying, legal lobbying, typology of lobbying, forms of lobbying, methods of lobbying, legal regulation of lobbying.

The object of research of the thesis is legal lobbying.

The subject of the thesis is legal lobbying of the Belarusian state socio-political press.

The purpose of the thesis is to identify the presence of legal lobbying in the Belarusian state socio-political press.

The methodological basis of the thesis was made up of general scientific methods: the method of analysis, synthesis, and comparison of content analysis.

In the process of writing the thesis, the following results were obtained: the history of lobbying as a political phenomenon was considered; methodological approaches to defining the concept of "lobbying" were considered; types of lobbying were analyzed; various subjects of lobbying were studied; the legal regulation of lobbying activities was studied in detail; the stages, conditions, structure of lobbying and lobbying channels were also studied.

The novelty of the results obtained is due to the lack of comprehensive information on lobbying in the Republic of Belarus. The obtained results are characterized by wide possibilities of theoretical and practical application.

The materials and results of the thesis were obtained on the basis of reliable sources and independently conducted theoretical and practical research.

The materials of the thesis can be used in the educational process, as well as in further research.
